View (of each product)

Hand-drawn wireframe of a product management dashboard. The dashboard has a top navigation bar with 'Products', 'Requests', and 'Review' tabs. Below the navigation bar is a header section with a search bar and a 'Sort v' dropdown menu. The main content area is a grid of product cards. Each card contains a placeholder image, a title, and two buttons: 'update' and 'delete'. On the left side, there is a sidebar with a 'filter by:' section containing 'price' and 'brand' filters, and an 'add products' button. A green note 'more of products' is written on the right side of the grid.

A hand-drawn UI sketch on a grid background. At the top, the text "Add to products" is written. Below it, there is a label "name" followed by a rectangular input field. To the right of the input field, there is a vertical list of six small dots. At the bottom, there are two buttons: "Cancel" on the left and "Add to Requests" on the right.
